MULTICOUNTY PLANNING POLICIES- KING COUNTY COUNTYWIDE PLANNING POLICIES MATRIX												
The vertical axis in this matrix identifies amended policy areas in			Countywide Planning Policies (by Chapter)									
the MPPs, as adopted in VISION 2040. CPP chapters are shown on the horizontal axis. Preliminary review of VISION 2040 indicates that content in a number of CPP chapters may be affected by MPP amendments. Those chapters are identified by highlighted cells. For example, amendments made to the MPP's housing policies may affect existing CPPs found in the following chapters: III Land Use Pattern, VI Affordable Housing and Appendix 3 Affordable Housing Index.			Critical Areas	III. Land Use Pattern	IV. Transportation	V. Community Character and Open Space	VI. Affordable Housing	VII. Contiguous and Orderly Devt and Provision of Urban Svcs to such Devt	VIII. Siting Public Capital Facilities of a Countywide or Statewide Nature	IX. Economic Development	X. Regional Finance and Governance	Appendices
